

The Best Wheat and Mixed Farming Lands in Alberta

VOL III NO. 20

CHINOOK, ALBERTA, JUNE 29, 1916

Subscription : \$1.00 per year, in advance. Single Copy, 5 cents

Dying Days of TANGLELEG !

Breezelets

Dr. Wade of Hanna has just enlisted with the 175th Batt., to act in the capacity of his profession.

The Doctor will be able to Wade right into it now.

Anyway, the Doctor when Wade will not be found wanting, we are sure.

And should any member of the 175th be Wade-laid by the Hun gun-fire, they can depend upon the Doctor's best attention and skill in administering to their needs.

When one notices the awful combinations of letters in the names of what the Russians are taking one wonders why they should draw the line at vodka.

With the demobilization of some 150,000 of its army, it looks as if Greece were preparing to get in on a little of the unparalleled prosperity. There's a lot more money made working than there is soldiering.

"A great battle is developing on the River Bug," says a last Saturday's newspaper heading.

That's nothing. A fierce battle has been raging for years on the Bug, but he has always "come back" with never-ending reinforcements.

Straws tell which way the wind blows.

Yes, but they cannot tell which way it is going to blow, and that is the great desideratum.

Whoever is stirring up the trouble in Mexico is doing a mighty effective job. But it doesn't take a genius to make trouble.

At any rate, there is no evidence as yet that the big German liners tied up in neutral harbors will venture out on the high seas as a result of the Teutonic "control" of the seas recently acquired by the naval battle.

And the Allies are not giving Greece even the satisfaction of a "scrap of paper."

Hughes's who.

Chinook Consolidated School District

IMPORTANT BUSINESS
TRANSACTION

The Board of Trustees of the above district met in the Chinook schoolhouse during the present month and transacted the following business :

Maris, that plan of four-roomed building, all on one floor, being plan No. 3, as submitted by Mr. C. W. Pettifer, be accepted as general plan for new school.

Young-Bennett, that building be solid brick construction.

Young-Bennett, that brick selected for building be the light-colored velvet Tregill brick.

Deman, that elevation as shown on Plan No. 3, with corners of alternate design be selected, trim brick of lighter color as Mr. Pettifer may decide upon.

As an amendment by Mr. Maris, that elevation as shown on alternate design of Plan No. 3 be the one selected. Amendment lost. Original motion carried.

Maris, that outside cloak room doors as shown on plan be changed so that pupils shall enter school rooms first before entering cloak rooms. Lost.

Young, that walk leading up to school be 5 ft wide, those around the school and from rear of school to closets be 3 ft, and all be made of cement.

Maris, that building be steam heated.

Young, that Mr. Pettifer be asked to prepare required plans and specifications for the building, price for same as per offer in his letter of the 10th inst.

A by-law relating to the issue of debentures was passed.

Young, that Secretary write Dept. of Education, requesting them to so alter the boundaries of this consolidated district so as to leave out of the district section 23-29-8.

Maris, that Chairman and Secretary be authorized to pay the teachers at the end of the term Meeting adjourned.

An old gentleman of 84 having taken to the altar a young damsel of about 15, the clergyman said to him :

"The font is at the other end of the church"

"What do I want with the font?" said the old gentleman.

"Oh, I beg your pardon," said the cleric, "I thought you had brought this child to be christened"

"Swat The Fly!"

SAYS MRS. ANYBODY

"I READ in the Chinook Advance, recently," remarked Mrs. Anybody to her husband, "that one fly lays 140 eggs at one time, and it only takes from 7 to 14 days from the egg to the adult fly and the fly season is about seven months long and that makes —"

"Hey, stop it!" said Mr. Anybody. "I am perfectly willing to get up and chase that fly, where is he?"

"Whatever do you mean?" asked his wife. "I don't believe there is a fly in the house. At least I sincerely hope there isn't."

"Well, what's the lecture on the habits of the fly for then?"

"Why, I was just telling you about the facts concerning the pest, that I read in the Chinook Advance, and I was just wondering if there was some way to rid a community for once and for all of the fly nuisance," returned Mrs. Anybody.

"Really, the illness and disease that is traced to the common house fly is awful. I'm sure the extermination of the fly is a cause that should be boomed, and if every man, woman and child did his share in swatting the fly from the very appearance in spring to the time when it disappears for the winter, results would be shown."

"Of course, there is a great deal that women cannot do in the ridding of places where flies breed, but one thing they can do, and that is, see that stores they trade in and stores they pass keep things that they have for sale properly covered so that if a stray fly or two finds it way into the store he can't carry germs into the articles of food in the store."

"It is all very well for women to know that the fly is responsible for numberless deaths in children and for the spread of disease, and of course, we would not harbor a fly in our own kitchen, and when there is something that we can do in the line of keeping the fly away from food that other people have to eat we should do it."

"Well, why don't you start a campaign in Chinook," suggested Mr. Anybody. "Get a lot of women together and wear badges and go around and inspect stores and the like."

"Now you are making fun of me," replied Mrs. Anybody, "but I don't care, I really mean it. I think every woman should take it upon herself, besides swatting the fly in her own home she should help rid her community of the dangers from the flies in preventing them from coming in contact with things that people are going to eat."

"Very good," replied her husband.

Values You Can Get

FOR NOTHING

It costs nothing to stand erect and breathe and walk properly.

It costs nothing to have fresh air in your home.

It costs nothing to masticate one's food thoroughly; this insures better digestion and less of the expensive, highly flavored food is consumed; money and health are saved.

It costs nothing to cleanse the teeth thoroughly after each meal. By so doing you may save not only dentists' bills, but surgeons and doctors' bills.

It costs nothing to eat some crusty foods that give proper employment to the teeth and thus save dentists' bills.

It costs nothing to choose the kinds of food that the body needs

It costs nothing to feed the

mind with wholesome mental food instead of trash or morbid literature that easily decomposes and poisons your life.

It costs but \$1.00 per year for this great family journal.

Berlin notes a very greatly increased activity by the Allies on the western front.

That begins to look like something at last.

The squirrels around town are early risers.

They are out in the morning about the time some of the nuts are going to bed.

Canadian wheat is moving forward this year at a remarkable rate compared with a year ago. Exports in the month of June totalled 21,003,485 bushels, as against 6,611,879 June last year

Chinook Breezes

Saturday, July 1st.

First day of prohibition.

Don't forget to unfurl the old flag.

The "Union Jack" forever.

Quite a number from Chinook are taking advantage of the cheap rates and spend Dominion Day in Calgary.

Is Much Appreciated

A new pump has now replaced the old one at the north end well, much to the joy of the residents using from that well.

Will Be a Pretty Bungalow

Mr. C. E. Dell has commenced the erection of a pretty, modern residence 20 by 22. The vacant lots in Chinook are fast filling up with houses and buildings.

Took Part in the Service

The mosquito is again with us which everybody can testify. Quite a number were in attendance at church last Sunday evening.

A Bad Loss

On Monday, Mr. J. B. Moore of Big Stone had the misfortune to lose his barn by fire, together with 400 bushels of oats, some hay and other stuff.

Even the Gods Were "Agin" It

Jupiter Pluvius was not very propitious to those who changed the date of their sports day from Dominion Day to a day or two earlier in order to get in a day for tangleleg before it was put out of business.

Has Made the Supreme Sacrifice

Among the names of those who appeared in the casualty list last week was that of Herbert E. Dippy, who was reported as killed. The deceased was well known in this district, having half section a few miles north west of Chinook.

Yes, He Was an "Oddfellow"

A young lynx was shot a week ago by Mr. Fred Cochran of Coltholme, near his home. Mr. Cochran's attention was first drawn to the spot by the barking of his dog. Having no firearms with him Mr. Cochran threw a stone at the animal, which ran in the direction of the house and crouched down close to it, when Mr. Cochran got his rifle and killed, what he first thought was a large cat. F. Lake of Chinook purchased the dead animal.

THE DYING DAY

OF THE OPEN BAR IS AT HAND

THERE WILL THEN BE A CHANCE FOR THE GRAIN CHEQUE

At midnight on Friday, all will be over as far as the "open bar" is concerned, in Alberta. It must be expected, however, that the drinking of intoxicating liquor will continue until the stock on hand—which has been bought in large quantities by individual parties before the prohibition act comes in force—is exhausted. But there is not the slightest doubt that gradually but surely the "boozer" will become a less quantity, and, in fact, more of a curiosity on our streets and in our towns. The open bar, which has been a menace to the boy so long, will be forever swept away in the Province of Alberta. The beneficial effects of Prohibition will be so marked that no one—no, not even the boozier himself—will ever want to see the "open bar" or rather the sale of intoxicating liquor—in operation again. The Alberta boy of the future will be saved from one—in fact, the greatest and the most far-reaching—pitfalls that lay in his path as he goes out into the world.

Every village, town and city, where the open bar has been in existence in Alberta will greatly benefit by the prohibition act. The many hundreds of thousands and millions of dollars that have gone to fill the "bar tills" will now, instead, find its way into the merchants till in every line of business in every community.

And the homes! There are people who are skeptical of the miracles recorded in sacred writ, but there is not the slightest doubt but there will be modern miracles wrought in many a boozers' home in this province, brought about by this prohibition act.

We have seen all around us for so long the effects of what "boozie" has and can do; and now we shall have a chance to see what can be done without the "boozie." The change will not be brought about in a day. But it must—and will bring the desired change, perhaps sooner than some people anticipate.

It is impossible to bring about a worse state than what the open bar has produced.

SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS

THE sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the District. Entry by proxy may be made at any Dominion Land Agency (not Sub-Agency), on certain conditions.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, on certain conditions. A habitable house is required, except where residence is performed in the vicinity.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$3.00 per acre.

Duties—Six months' residence in each of six years after earning homestead patent; also 30 acres extra cultivation. Pre-emption patent may be obtained as soon as homestead patent, on certain conditions.

A settler who has exhausted his homestead right may take a purchased homestead in certain districts. Price \$3.00 per acre. Duties—Must reside six months in each of three years, cultivate 30 acres and erect a house worth \$200.00.

The area of cultivation is subject to reduction in case of rough, scrubby or stony land. Live stock may be substituted for cultivation under certain conditions.

Chinook Breezes

July 1st all the stores will be closed on that day.

Owing to July 1st falling on Saturday, the Women's Institute will meet Saturday, July 8th.

There will be R. C. Sunday school in the schoolhouse every Sunday at 2 p.m.

A French Socialist deputy in the French chamber talked about an armistice and an end to the war. He did not get a chance to finish his speech, being cried down by the whole chamber. Suffering the greatest sacrifice of any of the nations at war, France stands with undaunted spirit determined to fight to the finish. Her people demand full liberty and if not liberty, then death. With such spirit is it any wonder that heroism such as that at Verdun is of daily occurrence?

The Austrians in the region of Trent are still falling back before the advance of the Italians, who have recaptured numerous important points of vantage. The towns of Posina and Arsiero again have fallen into the hands of the Italians, while in the entire region between the Adige and Brenta rivers numerous peaks and mountain positions have been retaken.

NOTICE

All those who have any outstanding accounts against the Chinook baseball club, Chinook hockey club, Chinook football club, are requested to send the same to the undersigned on or before July 10th, after that date no old accounts will be accepted or provided for, so forever hold your peace.

THINGS WORTH WHILE

The wireless telegraph is fine.
Let all the poets harp it;
But wouldn't it be just divine
To have a beatless carpet?
Georgia Telegram

A beatless carpet would be great.
In fact you've made a dandy wish;
But wouldn't it be just divine
To really find a boneless fish?
Geneva Free Press-Times

No doubt these blessing would be fine
And greatly swell the nation's bliss
But scientists of late opine
That what we need's a germless
kiss.
Birmingham Age-Herald

The germless kiss, the boneless fish,
The beatless carpet, all are fine;
But listen to this soulful wish:
A songless cabaret for mine!
Springfield Union

A songless cabaret sounds sweet,
A boneless fish would be some
catch;
But what we'd really like to meet
Would be a weedless garden patch.
Boston Globe

The weedless garden is all right,
In fact a big demand 't would meet;
But we would weed it day and night
If we could have the biteless
mosquit.
Lawrence Telegram

The germless kiss, the boneless fish,
Either one is a stunner;
But what most people would prefer
Is a payless "dunner."

Public Notice

By the Board of Trustees of
The Chinook Consolidated
S.D., No. 16, of the Province
of Alberta.

WHEREAS it is deemed expedient by the Board of Trustees of the Chinook Consolidated S.D., No. 16, of the Province of Alberta, that the sum of Fifteen Thousand Dollars should be borrowed on the security of the said District by the issue of Debentures repayable to the bearer in twenty equal consecutive annual instalments with interest at the rate of not more than eight per centum per annum for the following purposes, namely, building and equipping a solid brick, steam-heated, four room, all on one floor, full basement, School Building and for purchasing Conveyances.

THEREFORE NOTICE is hereby given by the Board of the said District that unless a poll of the ratepayers of the said District for and against the said debenture loan is demanded as provided by the School Ordinance the said Board will apply to the Board of Public Utility Commissioners for authority to borrow the said sum by debentures.

Of which all persons interested are hereby notified, and they are required to govern themselves accordingly.

I. W. DEMAN, Chairman

Dated at Chinook, Alta. this 17th day of June, 1916.

INSTRUCTIONS TO RATE-PAYERS

In rural districts a poll on a debenture loan may be demanded by any four ratepayers if the loan exceeds \$1,200.00 or if the loan is not for the purpose of building a first school house.

In town and village districts a poll may be demanded on any debenture loan by twenty and ten ratepayers respectively.

Every demand for a poll should be delivered to the secretary of the district or in his absence to the chairman of the board within fifteen days from the date of posting these notices. A certified copy of the demand should be forthwith forwarded to the Board of Public Utility Commissioners of Alberta at Edmonton.

CERTIFIED A TRUE COPY

LORNE PROUDFOOT, Sec.-Treas.

School and Equipment for Sale

I HAVE been instructed by the Board of Trustees of Popular S.D., No. 2613, to offer for sale the following property of the said district: The School Building, which is large and well-built—has a neat cold-shed behind—would be a good investment for a neighboring district requiring a school or a church; or with but little extra cost it could be made into a fine dwelling.

A Stable, large enough for 8 or 10 horses.

Two good Closets, with screened approaches.

Fencing, 7 or 8 stout cement posts, large and small iron gates, cedar posts, and woven wire enough to fence 2 acres, some of the wire never been unfenced.

Teachers' desk, office chair, 2 other chairs, about 15 desks for pupils, large map case and maps, library case and library, reading tablets, large bell, blackboard, etc.

Waterbury Heating System, good as new.

A Good School Organ, in use but a short time.

Two screen doors—never been used; coal and kindling.

Everything must be sold. Tenders will be received for all or any part of this property. If tendering for more than one part of it, state how much you will pay for each part. In this way all will have a fair chance.

Tenders must be in before June 30th. The highest nor any tender not necessarily accepted.

LORNE PROUDFOOT, Secretary,
